

Urban Life presents a new opportunity for advanced studies in mission based in Bristol and Birmingham

This year we are presenting two new Masters modules around cutting edge themes in contemporary mission:

- **Theology and Mission in Contemporary Urban Contexts**
(Location: Bristol / Presenters: Ash Barker and Mike Pears)
- **Theological Perspectives on Place and Power**
(Location: Birmingham / Presenter: Mike Pears)

We are offering a special 'taster' arrangement for those who would like to explore registering for a full Masters course in mission. Classes are also open to audit – this is ideal for those who are unable to do a full degree.

All classes take place over two 2-day periods to make them accessible to those in employment or who need to travel.

For more information and registration details see our website
